Message from CEO

To Be a “Most Innovative and Respected Korean Automotive Company.”

I would like to express my deep gratitude for your continued support and love to Ssangyong Motor. In Ssangyong's 60-year history, Ssangyong has kept challenging itself and pioneered for the future. Ssangyong, which opened up a new era in the automotive industry with its own advanced 4WD technology, has secured its position as a leading SUV manufacturer based on its full SUV lineup. Ssangyong continues to develop and introduce new models which reflect global market needs such as a best-in-class compact SUV Tivoli and urban SUV Korando. Ssangyong will inherit its tradition and enhance its reputation as an automotive pioneer in the global SUV market.

Ssangyong Motor has made a step forward to be a prestigious global SUV automaker since the M&A with the Mahindra & Mahindra. Ssangyong will continue to seek its growth in the global market by creating a synergy with the Mahindra throughout the field such as product development, technology, market reach, and competitiveness.

Above all, Ssangyong will strengthen its product competitiveness by meeting customer needs as well as securing stable demand from the overseas market based on the diversified portfolio and launches of new cars for future growth. Furthermore, Ssangyong will secure its position as the Korea's representative SUV brand by being ahead of time and developing eco-friendly products in keeping with the global trend toward 'Low carbon green growth'.

Under the new vision to be a 'Most Innovative and Respected Korean Automotive Company', Ssangyong Motor will take a leap forward to be a prestigious global brand and leading Korean SUV manufacturer. Ssangyong hereby makes a commitment to take full Corporate Social Responsibility for the community and customers who show strong trust and support to Ssangyong to get to where it is today. Please be part of Ssangyong motor's future, standing tall at the center of the global stage beyond Korea. Thank you.

Choi, Johng-sik

President and CEO
Ssangyong Motor Co.

Ssangyong Motor builds customers' dreams.

We will provide better value with high quality, competitively priced and eco-friendly products for customers.

Focusing on the future inspires positive changes and improvements.

Workplace

Pyeongtaek Plant (Head Office)

Pyeongtaek Plant is a high-tech manufacturing facility with advanced quality and environmental management control systems on the land with about 9,260,000 sq ft. Its production capacity is 250,000 vehicles a year initially, and meet global quality standards.

Especially, Pyeongtaek Plant plays a role for Ssangyong Motor to be a global automaker based on additional cutting-edge assembly line for monocoque SUV New korando and Tivoli.

Changwon Engine Plant

Changwon Engine Plant is a high-tech engines and core powertrain manufacturing facility with high-accuracy and central control assembly line on 1,260,000 sq ft of land. All engines and core powertrain require 12 steps of strict performance testings for our best products.

Successful Innovation

What we achieve with you

| **Customers are central to our innovation and ambitions for the future.**

Ssangyong Motor seeks innovation relentlessly.

We fulfill our passion for making the best cars using research and development to achieve a harmony between nature and humankind.

We appreciate the efforts of everyone working with us and understand the needs of anyone who loves Ssangyong Motor. That is why we always try to do our very best to provide you with better value, working through every single change and innovation seriously.

Innovation in Technology/Products

We put customer-focused, eco-friendly values into the best futuristic technologies.

RSP 'Robust, Specialty, Premium' is the Ssangyong Motor's philosophy for product development.

This means that we achieve 'Fun to Drive' through balancing performance, safety and eco-friendliness.

Ssangyong Motor will deliver its mid- to long term growth strategy by strengthening its market position, developing competitive products and the next-generation technologies, and maximizing synergy with the Mahindra Group.

This approach allowed us to launch five upgraded and facelifted models by 2013, and we will launch four new models by 2016.

We will ensure further growth by developing competitive global models and highly efficient, high-output powertrain.

Fulfilling our promise for future sustainability, we will collaborate with the Mahindra Group and increase our advanced development capabilities to be competitive with regards to the next-generation automotive technologies such as the electric vehicle.

1. Concept Car 'XIV-Air', 'XIV-Adventure'
- 2~4. EV Concept Car 'e-XIV'
5. Concept Car 'XAV'

Innovation in Production/Quality

We meet customers' expectations with a reliable manufacturing, delivering the highest quality.

The best quality starts from the smallest detail. The core of Ssangyong Motor production philosophy is humanity and based on 'Principles and People' as a priority and results in a productive manufacturing site. We pursue customer satisfaction and global competitiveness through an optimised manufacturing system. We strive to produce immaculate vehicles through countless efficiency improvements including maintaining the best facilities and streamlining logistics. We will also reinforce a standardized production and build a digital factory to utilize eco-friendly manufacturing technologies. Ssangyong Motor meets customers' expectations with safe and reliable cars and by striving for constant quality and product improvements.

Innovation in Sales/Service

We are with our customers for the long term, just as we were at the very beginning.

We are always on our customers' side to deliver better value. We always treat you as if you were our first-time customer. Ssangyong Motor has started new challenge, striving to become a global SUV player. The brand-new Ssangyong Motor focuses on customers' needs and delivering excellent service. We will strengthen our status in all the major markets through a differentiated brand strategy for the global market. We will enhance our brand by exploring our customers' future needs and requirements, as Ssangyong Motor employees always aim to do. We promise to do our best, and also fulfill customers' satisfaction with our sales and service centres.

Mutual Cooperation

What we promise to you

| We try to make the world a better place for everyone.

Ssangyong Motor puts 'We' before 'I'.

Ssangyong Motor is building on the history of the Korean automotive market based on the idea of togetherness.

Working together has provided the foundation for a fresh start, an important first step in a new phase of Ssangyong Motor.

We strive to create growth with all our partners through respect and cooperation.

Corporate Social Responsibility

Sharing the little things brings greater happiness and brings us together.

1. The Commemorative Planting Event at Pyeongtaek Plant
2. The Environmental Cleanup Campaign in Taeon Peninsula
3. Ssangyong Oneness Scholarships
4. The sponsorship for Pyeongtaek Port Marathon

As running solo can be faster, but is not long lasting, we run together with you by sharing ups and downs.

We put 'We' first before 'I' and carry out a spirit of 'sharing'. This is another growth engine of Ssangyong Motor and provides an energy of happiness for all of us.

Ssangyong Motor meets its corporate responsibilities in relationships with the local community, as well as shareholders, business partners, employees and customers.

We will take the lead in making the world a better place based on our valuable relationships with you.

Our declaration of Corporate Social Responsibility issued in 2011 is a physical representation of Ssangyong Motor's goal to make its contribution to the world. We will do our best to become a corporation that grows with the local community, by developing sponsorships, a scholarship committee, volunteer works, environmental projects and cooperative activities.

1. One Company Saves One River Campaign
2. The Sharing Briquettes Event
3. The sponsorship for Walnut Biker Campaign

Labor-Management Relations

Round, strong wheels at the front and back produce powerful driving.

The Strong front and back wheels running together makes a car drive smoothly.

What makes us run together are trust and harmony with each other.

"Stand Upright, Stand Together, Stand Again!" is a basic guiding principle of "The Oneness Company Training Program" for harmony between employees and management. We are leading Labor-Management Relations through 'Oneness and Harmony between Labor and Management Activities', such as encouraging experiences and spontaneous interaction, and status meeting to share the information and plans of the company with all employees.

Ssangyong Motor has set a benchmark for Good Labor-Management Relations in the Korean automotive industry. Initiatives such as the Ethical Partnership of Labor- Management Practice Agreement and the Social Agreement between employees, management, public and politicians for Good Labor-Management Relations have provided win-win schemes for the union and company.

- 1.2. The Declaration of Vision Ceremony
- 3. Historical tour with employees' families
- 4. The Oneness Company Training Program

Global Brand

What we pursue for you

| Ssangyong's vigor is spreading throughout the world.

With its motoring heritage, Ssangyong Motor has been a leading company in the Korean automotive industry for over half a century.

We are now moving into a global market to develop its legacy and history.

Ssangyong Motor believes that the best in Korea can be the best in the world.

Global Management

Through global management, we are establishing a presence on the world stage.

- 1. 2. 5. 2014 Global Distributor Conference
- 3. SsangYong Racing Series
- 4. 'Rexton W,' Launching Overseas

To make a leap forward to being a global company, Ssangyong Motor held a Declaration of New Vision Ceremony and started its new journey to stand on the global stage. Ssangyong will achieve its mid-to long-term vision based on the growth in the overseas market by strengthening our market competitiveness and conducting market strategy aggressively.

Particularly, Ssangyong will make utmost efforts to be a prestigious global SUV automaker by successfully launching the compact SUV Tivoli, a global strategic model in the overseas market, reinforcing global product competitiveness, diversifying the export markets, and improving brand image. Ssangyong plans to increase the annual global sales volume to 200,000 vehicles by establishing the stable overseas network for the 120,000 vehicle exports by 2016, and plans to expand its global sales network from the current 115 countries to 140 by entering the emerging markets.

Ssangyong has started to focus on the European market by resuming the exports to the UK and reworking the sales network in line with the launch of the Korando. The biggest Chinese market will be Ssangyong's new strategic market to expand its global sales. To reinforce the global service capability, Ssangyong opened its Regional Training Centers in Central and South America and plans to build more RTCs in the Middle East and Europe.

Working with Mahindra & Mahindra, Ssangyong will strengthen its market reach in India, Africa, and other countries with high growth potential and secure its growth engine. Ssangyong Motor will continue to strive for the future that Ssangyong SUVs run around the world.

Maximizing Synergy

Ssangyong Motor and Mahindra Group are lights of the East.

Like the countries we come from, Ssangyong Motor and Mahindra & Mahindra have overcome adversities to achieve amazing success. Key factors in our success are passion and self belief. Ssangyong Motor and Mahindra & Mahindra are proud of our partnership and commitment. Ssangyong Motor and Mahindra & Mahindra are becoming global automotive players through this strategic partnership. Ssangyong Motor is creating global brand awareness through its partnership with Mahindra & Mahindra, maximizing synergies in every field of the automotive industry including product development, technologies and markets. Ssangyong Motor will be a global SUV automaker, by sharing global knowledge with Mahindra & Mahindra, expanding international sales, developing and investing in R&D and new products, and strengthening its core competitiveness.

Mahindra
Rise.

Mahindra & Mahindra is one of the biggest companies in India, a country growing as a global economic power in the 21st century. Mahindra & Mahindra is a leading company in the field of utility vehicles and IT, and has developed a powerful position in the fields of air transportation, steel, consulting, energy, finance, property and distribution. Based in Mumbai, India, approximately 144,000 employees in over 100 countries work for the Mahindra Group. The company is growing as a multinational corporation with US\$14.4 billion dollars in assets. Mahindra & Mahindra is the only Indian company amidst the world's leading tractor brands, and works in all fields of automotive production including two-wheeled, CVs, UVs, SUVs, and sedans. Mahindra & Mahindra has recently taken over REVA Electric Car Co. Ltd and is strengthening its development of electric vehicles.
